OH WHAT A FEELING!

Once upon a time there was, and still is, a school named Globe High. The students that attended this school were not just your every day high school students. These students were overflowing with spirit, enthusiasm, love, kindness, and affection — a quality rarely found in high school. This school stands as a symbol to all who have attended as a reminder of the best years of their lives. Memories such as football games, basketball games, Homecoming, the Winter Ball, and the Prom were only some of the memories that the students shared. The Wigwam has captured these on pictures and in stories so they can be relived years later.

OOPS!!!

Ever been caught with your hand in the cookie jar?! Or maybe sitting in your class taking a test and reach over to get the pencil you dropped and your desk falls over?!?! How about wrestling with one of your friends and rip your shorts?!?! There are many unexpected moments in and out of high school and we've captured some of these on film.

Wildweek

Thomascoming week was busy with lunchtime activities.

Anthony Kramer led the Juniors to Victory in bobbing for grapes. Kitty Radke showed the Seniors stamina by sitting on the ice the longest.

Juniors won first in float decorating. Their float depicted the Tigers as pirates, making the Mustangs walk the plank.

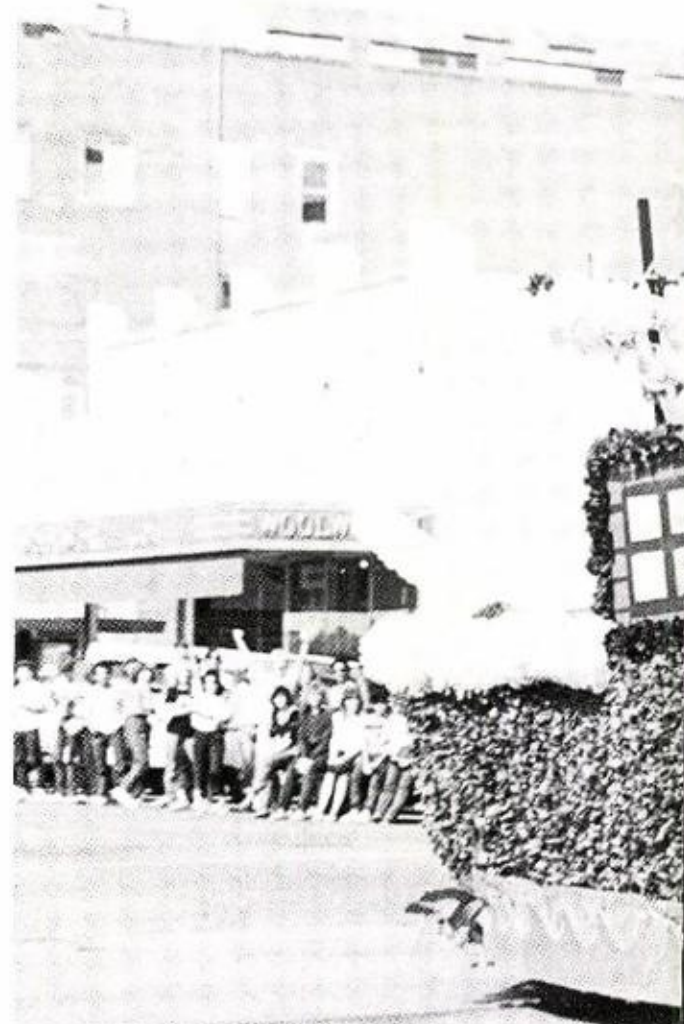

The Sophomores took second. Their theme was "A Knight to Remember." The Freshmen came in third with the theme "Cowboy Days." Trailing in fourth were the Seniors whose theme was "The 20's."

The Tigers slaughtered the Mustangs by the score 50-14.

After the game, the dance came alive!

Building a Future

Spirit week started off real wild; everyone wore concert T shirts and ties. The following day every hall was full of people wearing sunglasses and anything that would fit on their heads as hats. On Wednesday everyone was covered from head to toe with buttons of every kind imaginable. Thursday was Hawaiian Color Clash Day; you could have been blinded from all the bright colors. Finally almost everyone participated in Orange and Black Day . . .

Exciting Days

February 15, 1985, Mike, Frank and Larry boarded their bus to begin their journey into government. Every morning the boys woke up at 6:30 a.m. to go to conventions to listen to speakers such as Rose Mofford, a former graduate of G.H.S. They ran for offices on the city, county and state levels. Recreation was also part of their day. The boys said the value of the trip was increasing their knowledge of government while meeting people and having fun.

June 3, 1985, Jeannie, Beverly and Arvella headed to U of A for Girls' State. On arrival, they unpacked and went to their first meeting to elect council and learn how to hold city meetings. The schedule of events was running for offices, participating in pep rallies and watching a murder trial. Jeannie said, "The reason I went was to experience government first hand so I would understand it more."

Frank, Larry and Mike talk to Judge Dawson about his county position.

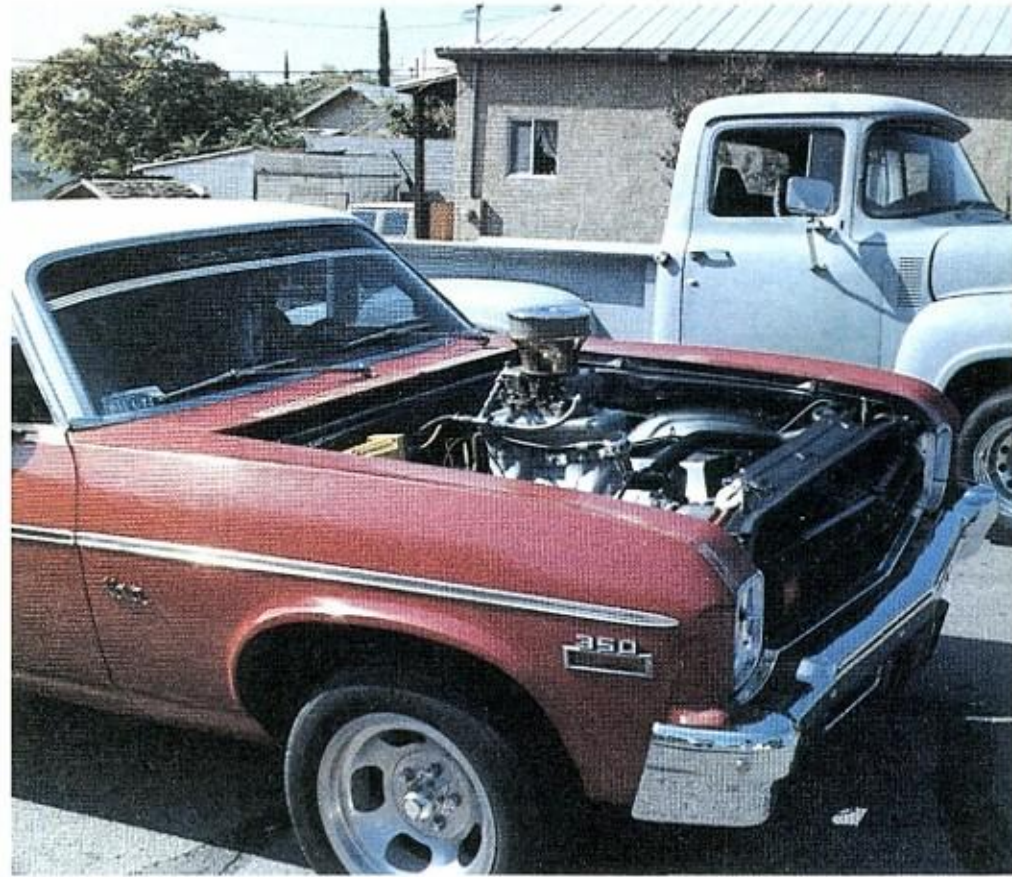

Beverly and Jeannie listen to Mrs. Phillips explain the work of County Supervisors.

GHS: How Do You Feel

The Varsity Cheers held a very unique fund raiser during the week of October 14-18. Photos of all the Seniors in fall sports, as babies, were displayed in the hall and students voted on the most beautiful one. All votes were counted, and the boy with the highest number was to become "King Baby" and the girl with the highest number was to become "Queen Baby."

Globe Tigers

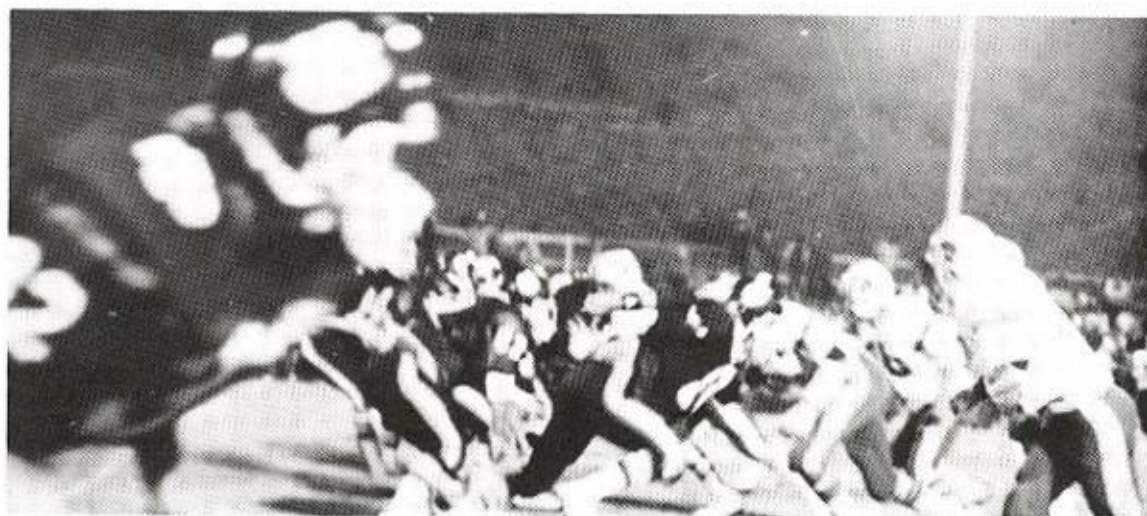

The Globe Tigers had many highlights during the 1985 Football season. Among them: winning six games for the first time since 1963 and winning six consecutive games for the first time since 1961, scoring 50 points in one game, twice scored four touchdowns in the second half of a game, shutting out 10 opponents and holding three opponents scoreless in the second half of a game.

Unity. This was the motto of the varsity volleyball team. They felt if you didn't have it you couldn't be a team. Last year was the best season for the team ever.

Two divisional games were played at home the regular season ended with 11-5.

Nina Bendle — was named first string all conference.

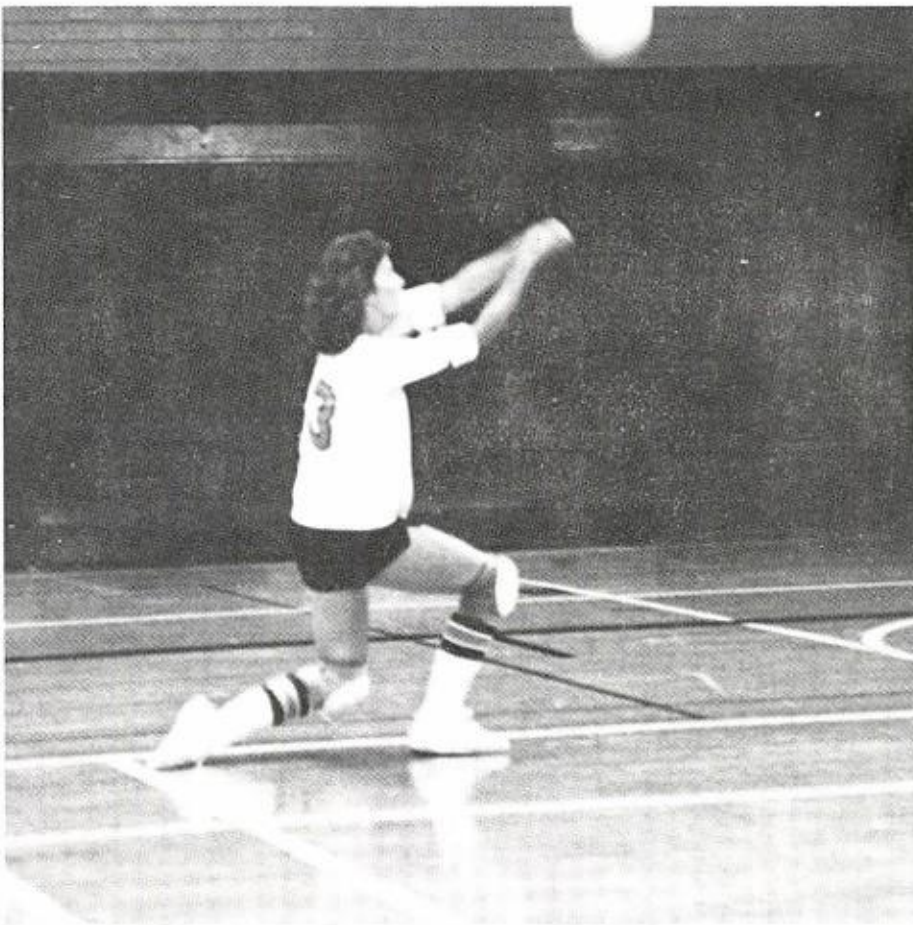

Karen Chapmen — second team all conference. Coty Romero and Teresa Friend were named honorable mention.

Watch out here it comes.

On the Run

Few expectations were achieved by the Cross-Country team. The forming of a girls' team was finally accomplished.

The girls lead by Monica Avalos ranked #1 in divisionals and #17 statewide.

The boys lead by Mike Strizich were #3 in conference and were the 1984 Conference Champions.

Victorious

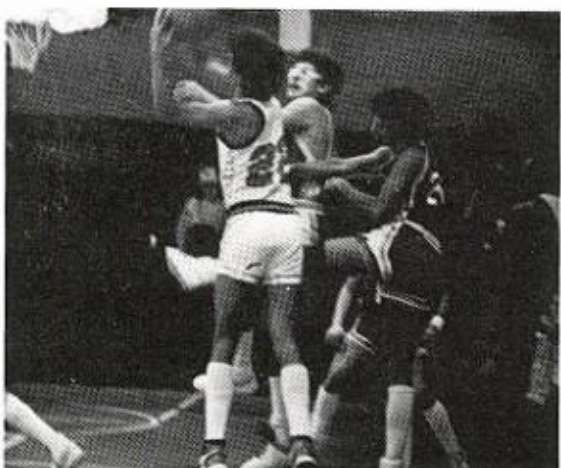

The Christmas tournament was a big success. Globe managed to finish second, Globe scoring 62, Many Farms 52. Throughout the year John Hawkins totalled 225 points. Right behind him was Terry Kitcheyan with 167 points, and Mike Halbert with 160 points. Mr. Kivisto said, "The Globe Varsity team is the best team assembled."

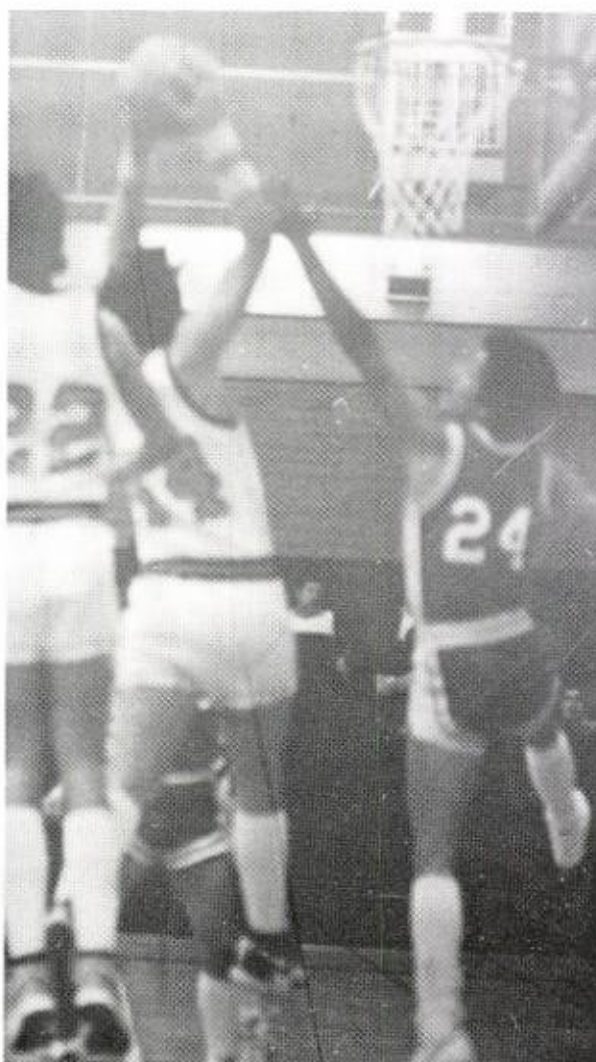

"Someone better catch me when I land."

"This is mine dude."

"Watch your leg."

"Don't touch that ball."

"I'd better make it."

"I got it, I got it!!!"

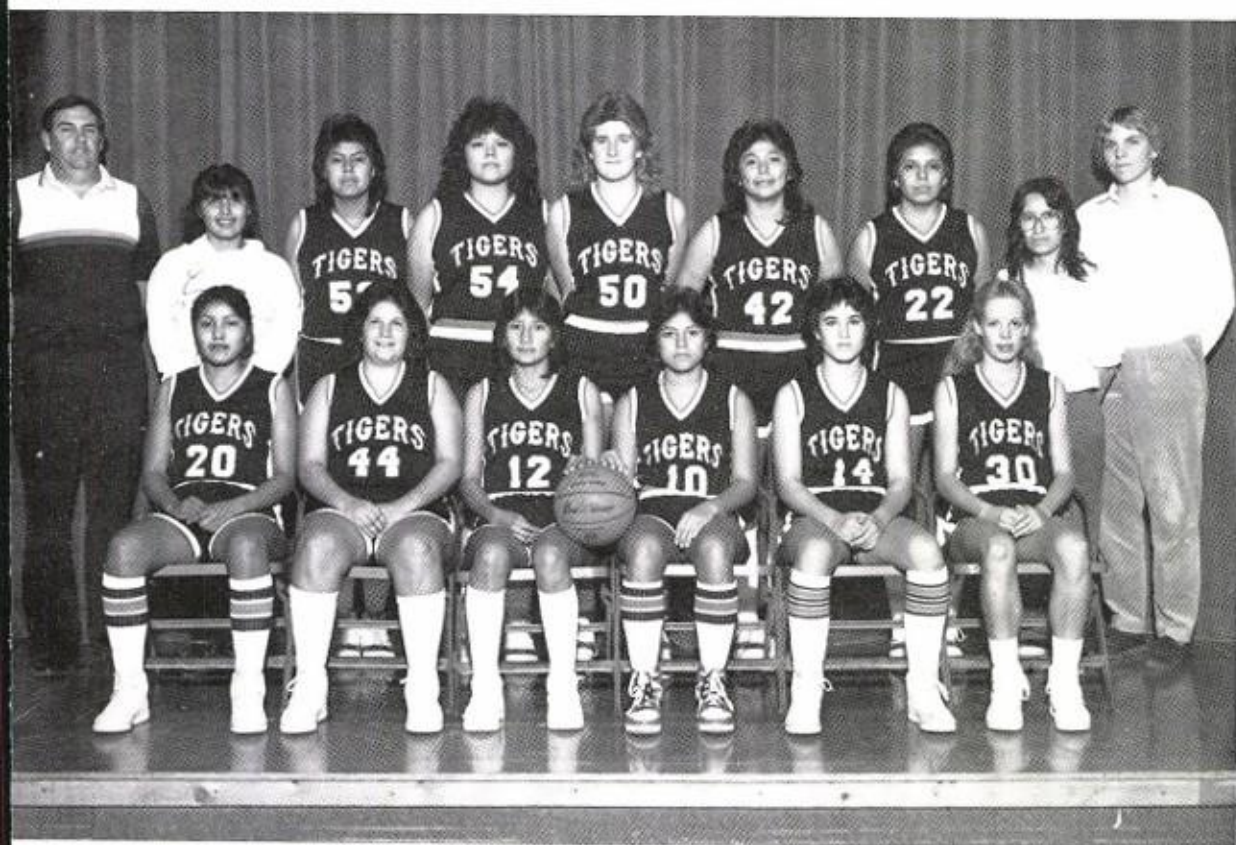

B-Ball Babes

Our girl's entered the south A Conference last year and were introduced to a whole new ball game. New strategies were accomplished with each new team they played. Many girls returned to meet this challenge, along with the newcomers.

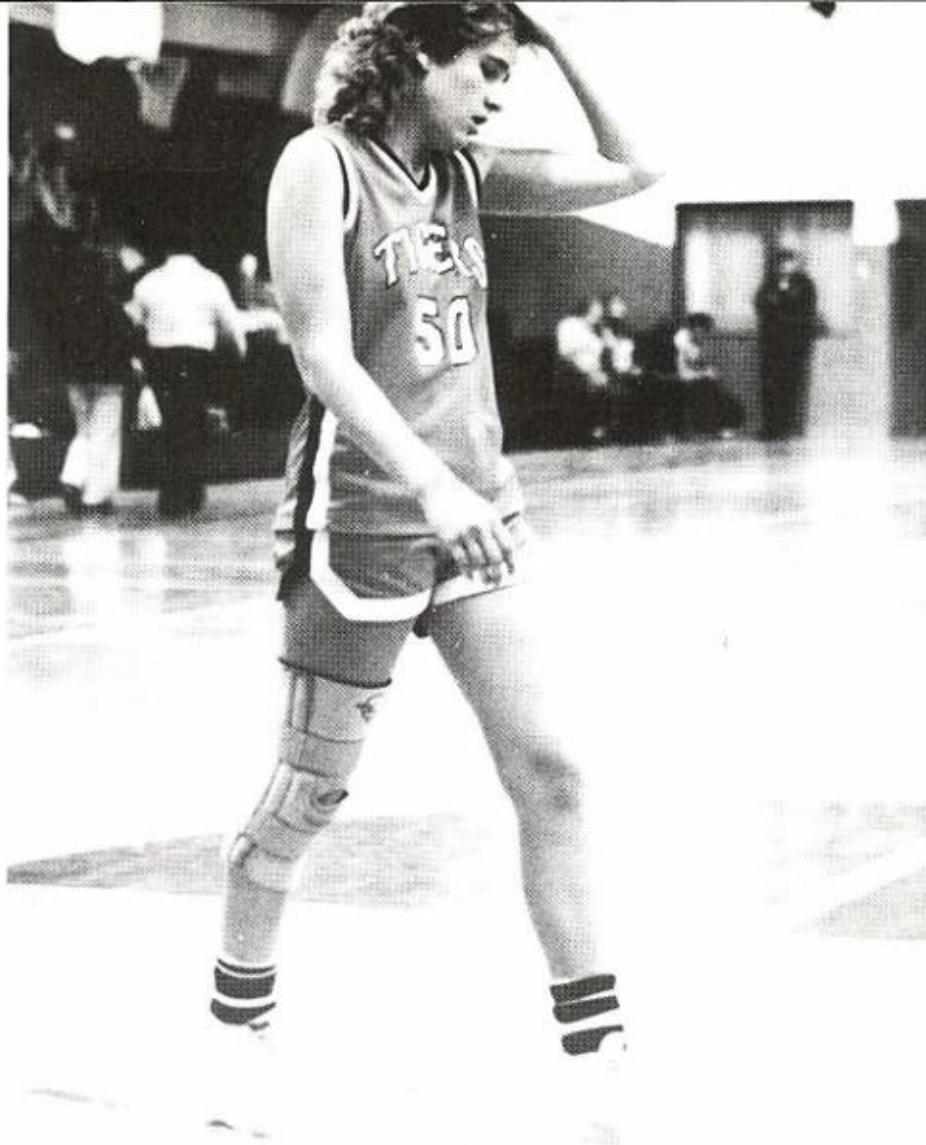

Starting off slow, they dropped two of their first four games, but came back eagerly, becoming second in the San Manuel Tournament.

On the Ball

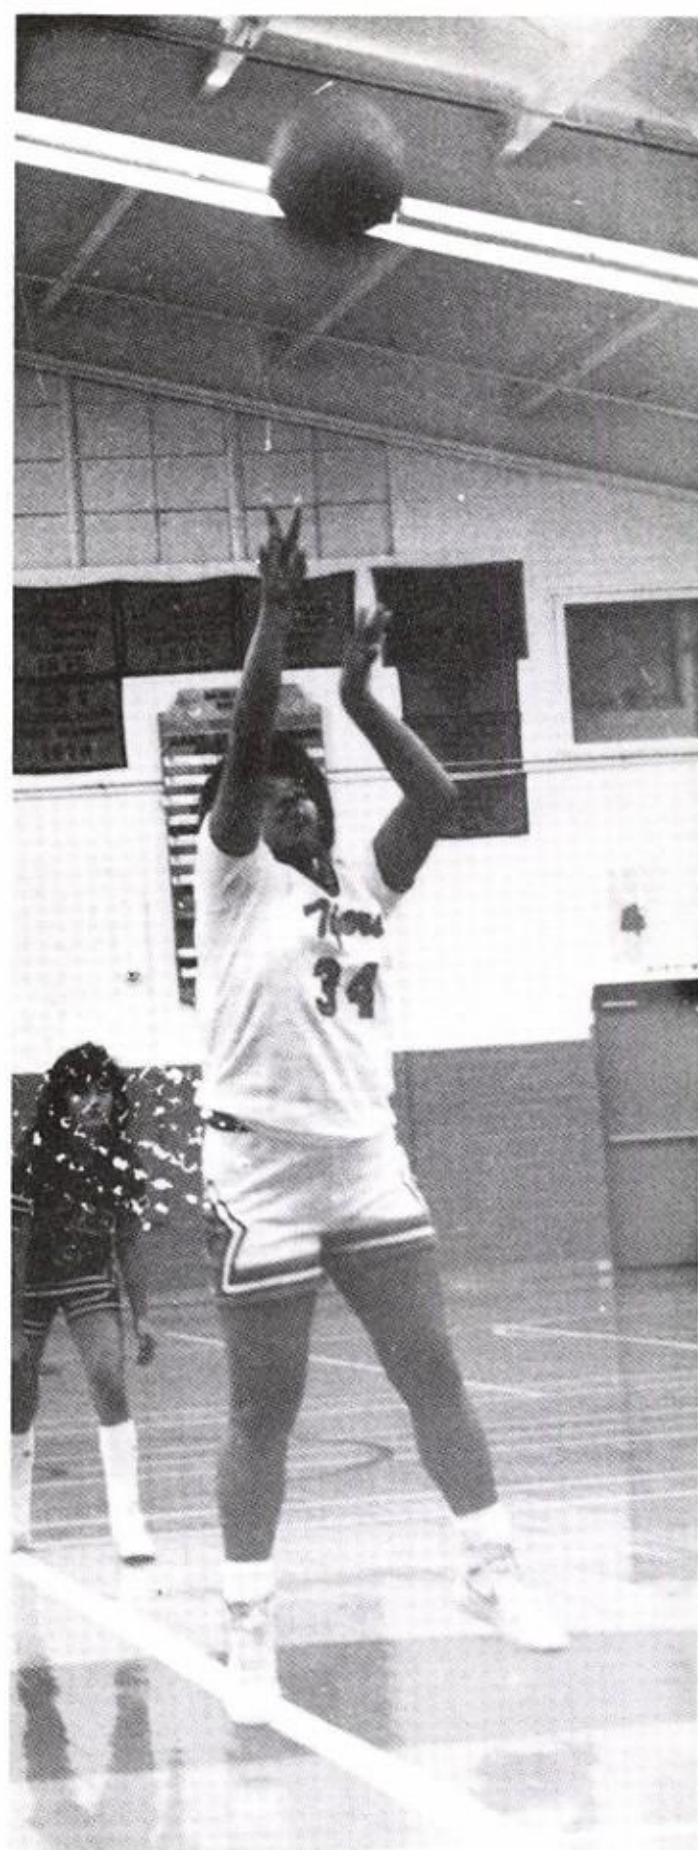

Coach Kinnamon stated, "We got better each game we played."

Each game, the team averaged 47 points and in the second half alone, 30 points were scored each time.

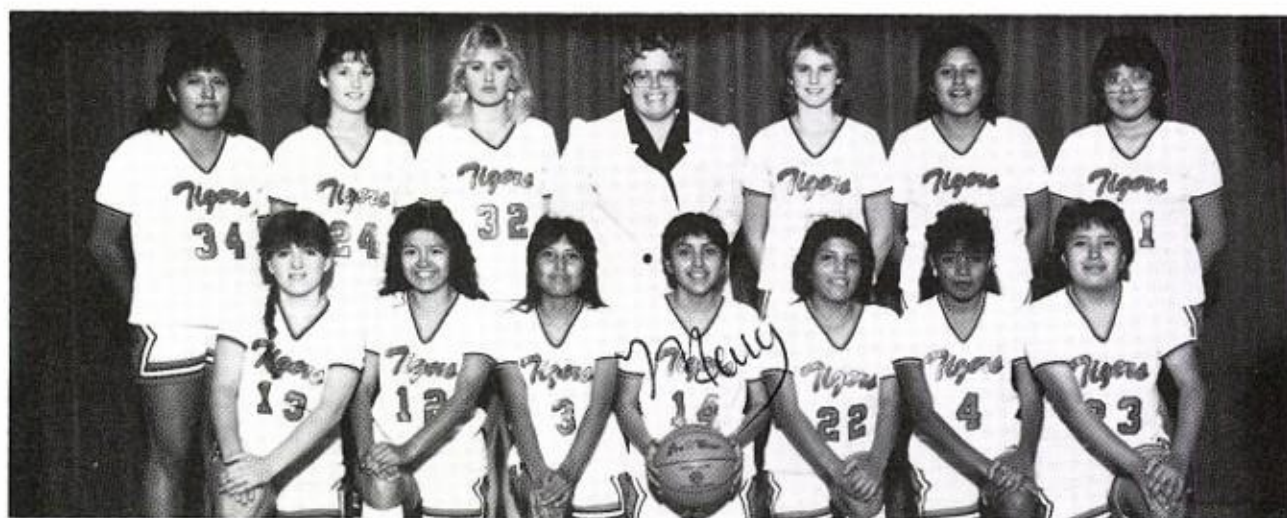

Daisy Flored played guard and kept the ball moving by making steals. Underneath the basket, Kristen Daniels and Claudine Hopkins kept the other team moving. The best offensive player was Mary Kay Stevens, who averaged 10 points a game. Defensive too!

Aggressive

The freshmen basketball team started slowly, losing their first two games. After that, a streak of 6 wins in 7 games took their record to 6-3 by mid January.

Defense and balanced scoring allowed the small but quick team to out-come opponents by an average of 14 points per game during this period.

Miss Veta Minton

Miss Veta Minton came to Globe in 1962 after teaching at high schools in various states.

She taught for 5 years at the jr. high before moving up to spend 19 at the high school. Not only has she

taught social studies, but also English. She gave up much of her time to sponsor many activities such as yearbook, student council, and the Girls' League.

With all of this, she still managed to find time for

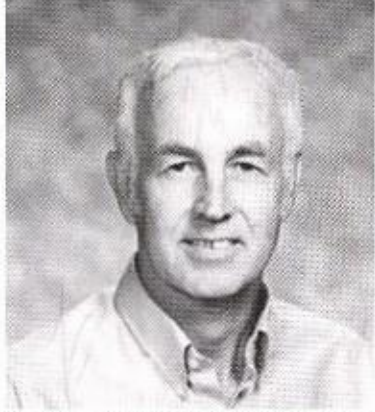

her other interests, such as music and traveling. A popular vacation for her and her sister Eleanor is going home to Missouri.

G.H.S. has appreciated her love and devotion to student education.

Fundamentals

Last year's Special Education Program was designed to help students with learning disabilities in reading, math, and English. The students worked with the W1-CAT/Plato computer program which reinforces skills in math and reading. The students had the opportunity for immediate feedback on their computer work.

Students Get a Kick Outta Council

Student council is in charge of organizing many activities such as assemblies, homecoming, Globe-Miami week, working concession, and dances. The main dances were homecoming, the Winter Ball, and the Prom.

Our student government promoted school spirit through class competition, and by encouraging student attendance at plays, dances, and special weekend activities.

Through slide shows they reminded of our high school years.

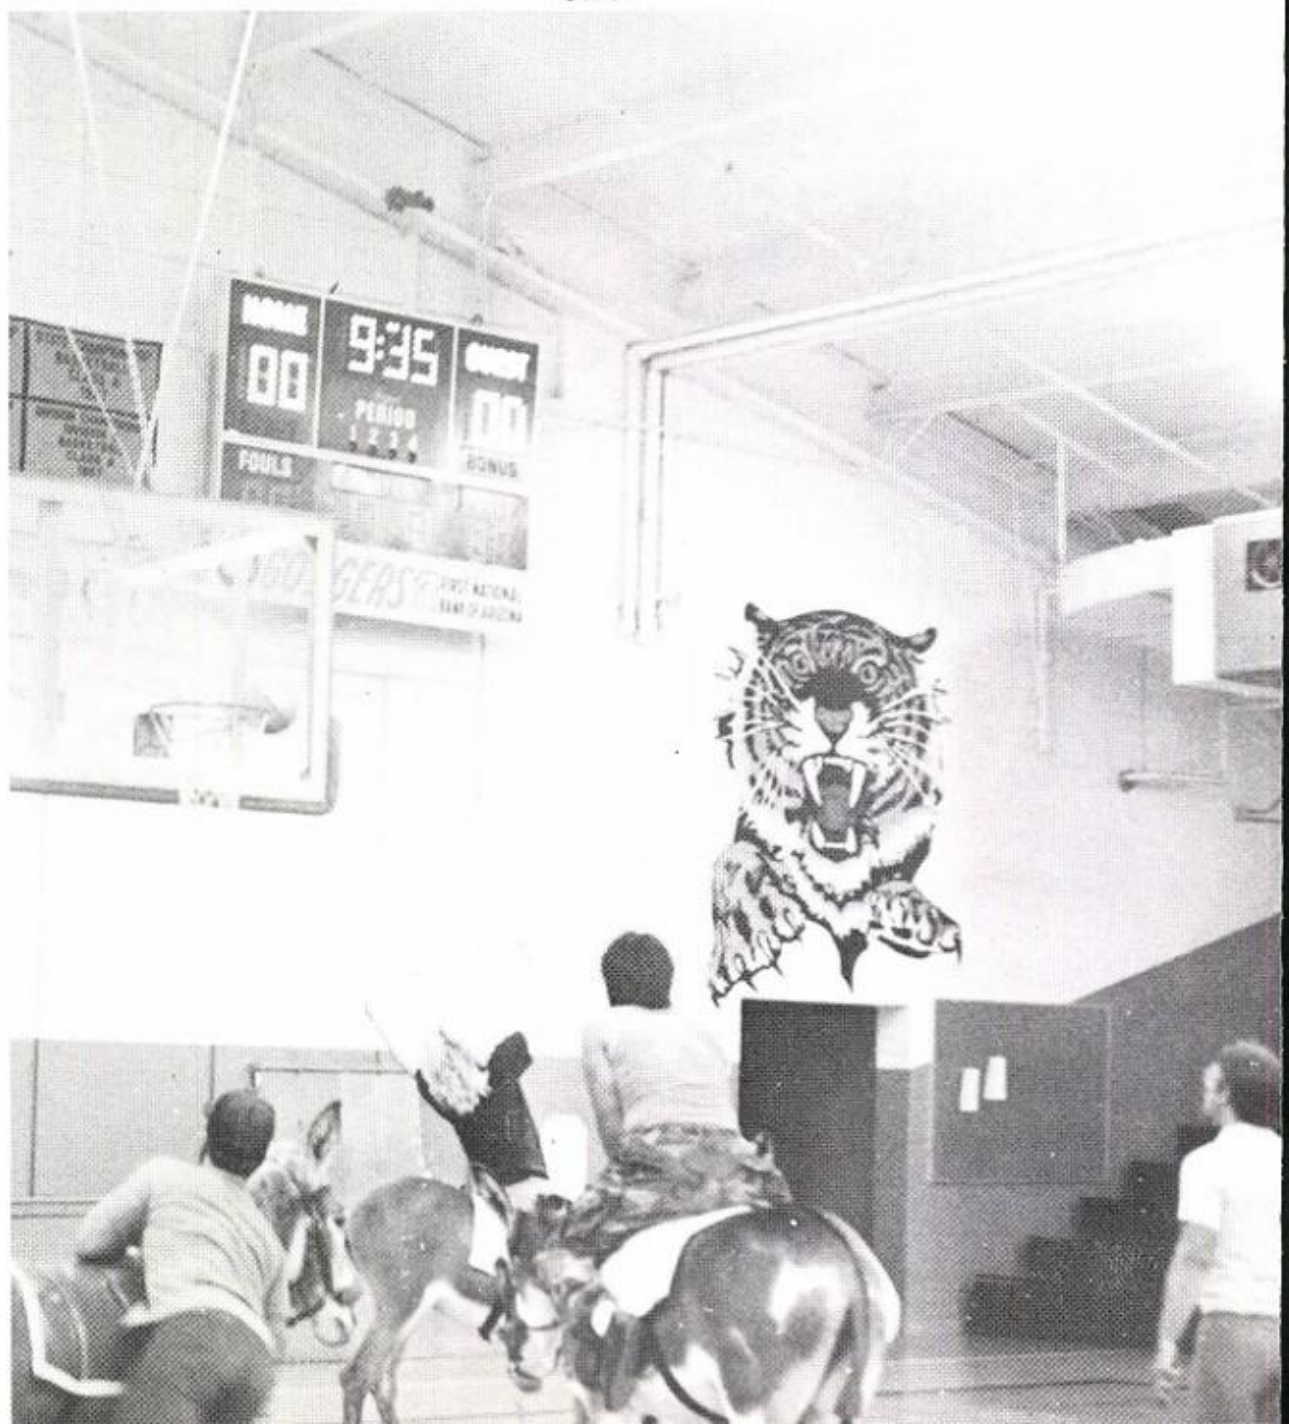

Another facet of student council is to work with the administration on behalf of the students which may result in amending the constitution. An example was the permission to wear shorts in school so long as they are appropriate for school.

Reading Their Way to Success

Skills in reading were a very important part of our education. Mrs. Adams tried to make her classes interesting as well as motivative. The students were taught skills as a group and as individuals in a good atmosphere.

Learning can be done in many different ways.

Home Wonders

Students learned skills needed for the home by preparing meals, embroidering, studying basic nutrition, and other such projects. They also learned about people of all ages, as well as themselves.

Skills

Last year the Industrial Arts students learned how to use their hands and minds to make useful objects out of wood and metal. The auto shop students learned how a car's engine is built and runs. The skills that they learned in these classes can help them in finding either a rewarding career or an enjoyable hobby.

Echo

Students interested in showing and/or improving their voices had opportunities to join one of the choirs offered. Concert choir was a mixed choir and Choraleers was formed of only girls. Out of the two classes, groups such as Choralettes, Koppertones, Senior Trio, Junior Quartet, and grouped duets were chosen.

Fund raisers enabled them to travel to and participate in Solo and Ensemble Festivals, Regionals, All State, and many other activities that helped them to earn awards and learn about the voice. Those who raised the most money were able to go to NAU Summer Music Camp. Students were offered opportunities to compete in community musical competitions to receive scholarships.

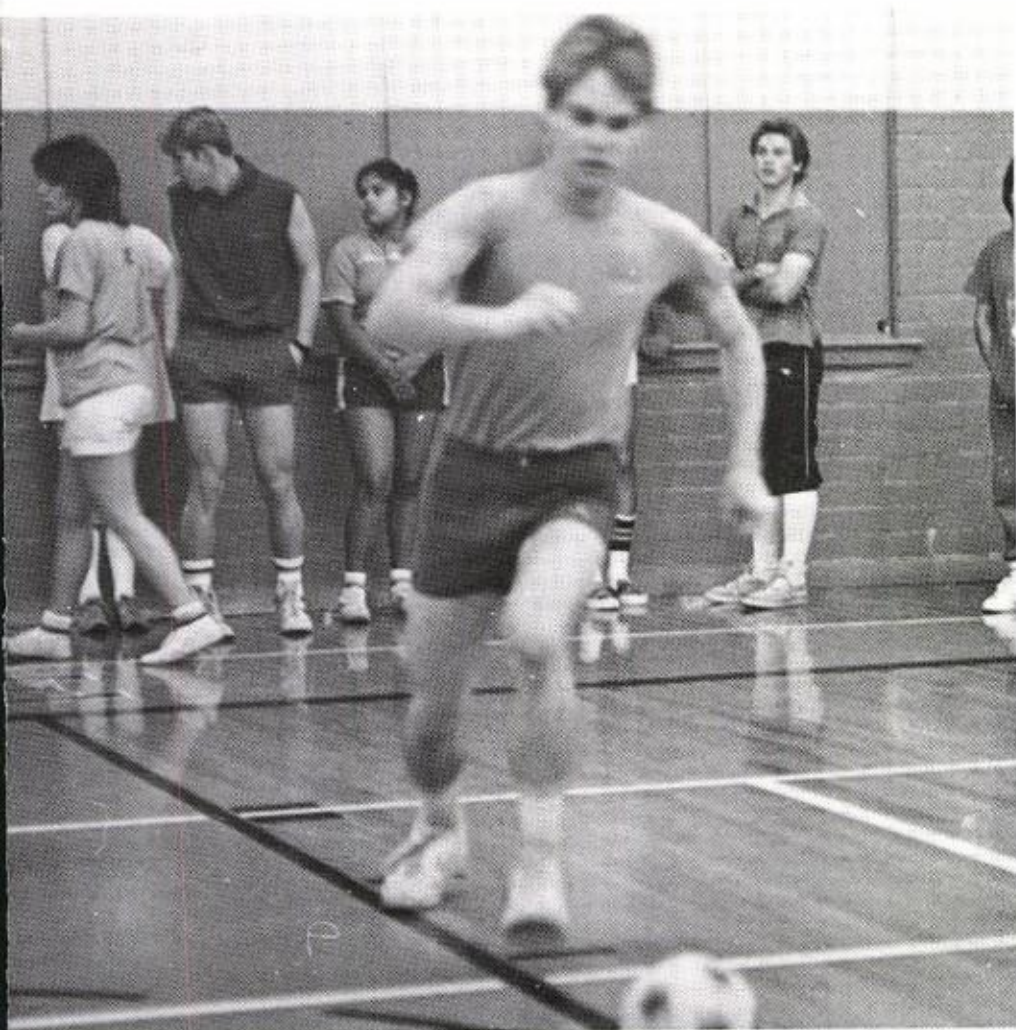

Lookin' good Koppertones!

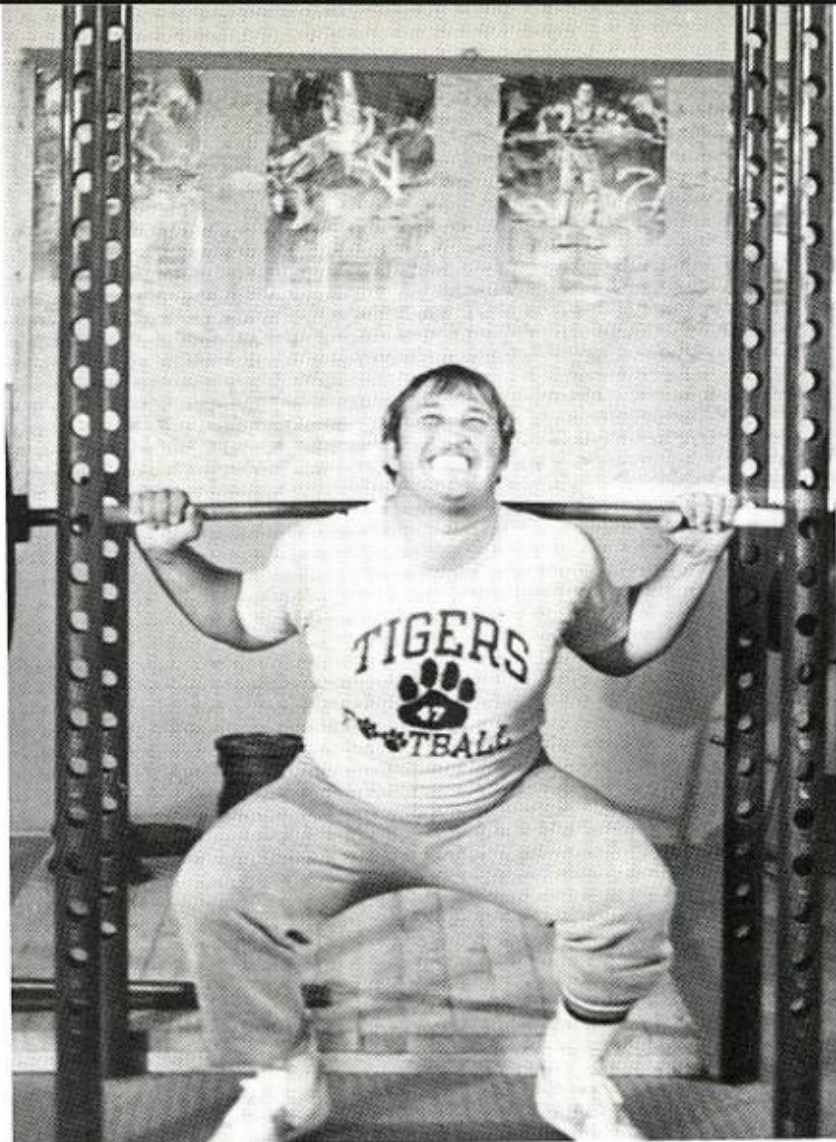

Jr. Quartet had Jody, Carrie M., Carrie E. and David.

Grrrrrrrrrrrrrr!!!

With Great Effort

Uolleyball, football, basketball, floor hockey, softball, and baseball were some of the team sports that were learned in this class. The individual sports included badminton, and gymnastics.

Upon entering a weight class students were to lift as much as was physically possible, then were expected to go up in weight on the previous lift every nine weeks.

About Face

Last year's JROTC program was a four year course that provided the students with the opportunity to acquire knowledge that helped them to develop leadership traits. It also prepared them to be responsible citizens.

The program also provided classroom instruction in first aid map reading, rifle marksmanship, and outside work on drill, and rifle range.

"How do we look guys?"

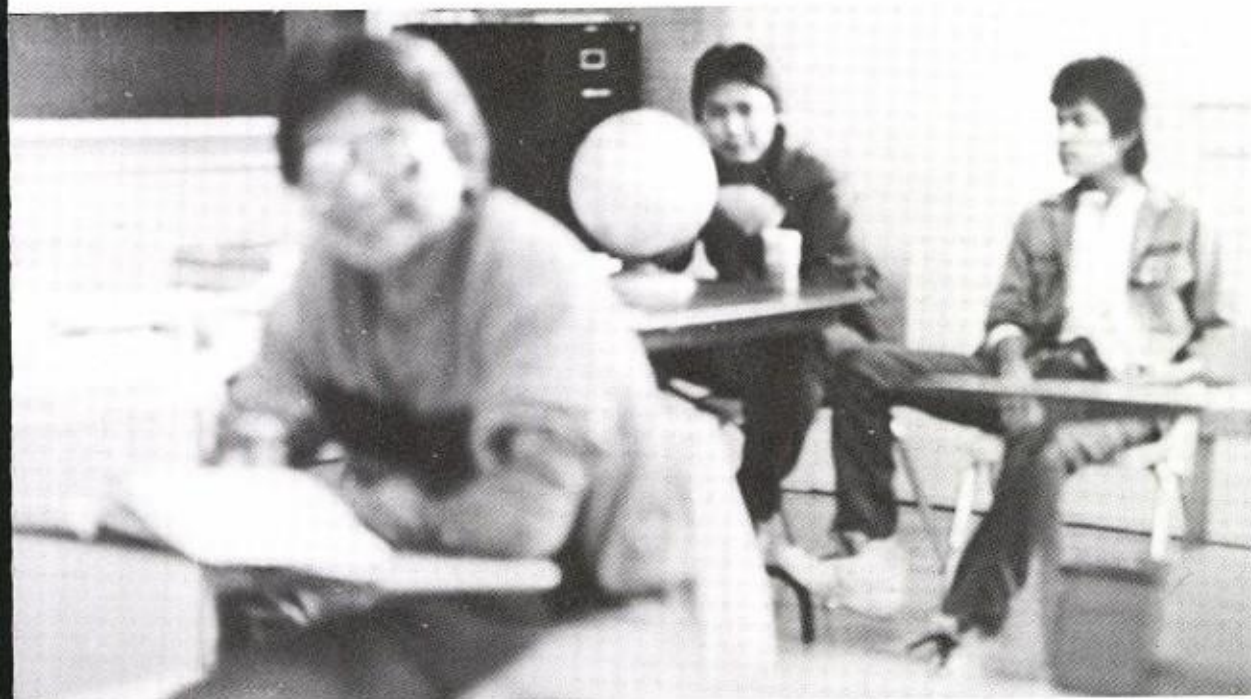

"Smile, you're on Candid Camera."

Alternative school students.

A 2nd Chance

Alternative school provided Native-American students with a L-E-P Program of Study. Mr. William Greer taught English and Social Studies. Mr. John Hull taught Math and Science. There was an average of 25 students enrolled in this program.

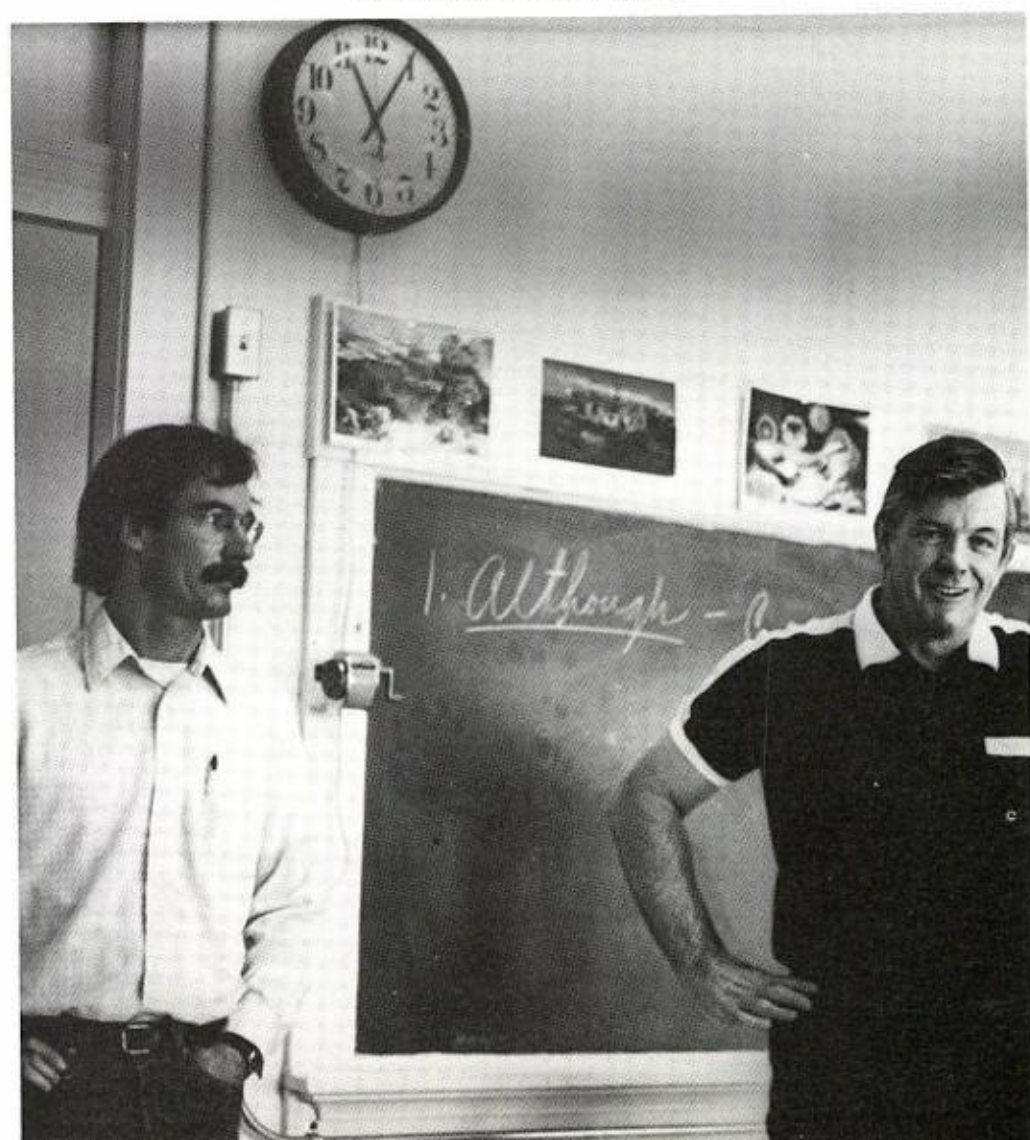

A time to learn.

Peace brotha!

Mr. Greer and Mr. Hull.

Step into My Laboratory

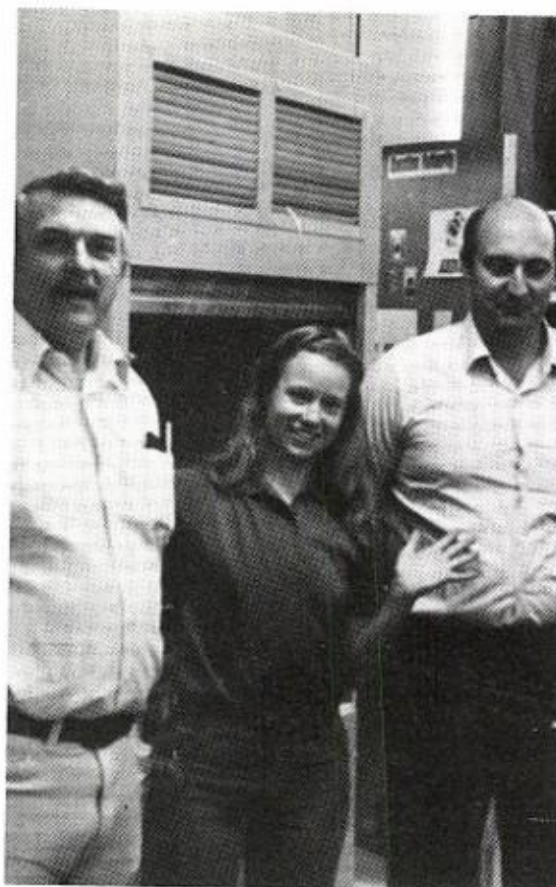

Halleys Comet was the feature attraction of the Astronomy class, new to our science department. Mr. Ziegler led his students through actual astronomical research at Gila Observatory. Several students published reports in professional astronomical journals.

Laboratory experiments and chemical reactions were studied by those in Chemistry.

Mrs. Field taught Biology and Zoology; Zoology pertaining to animals, Biology to all life. The Acc. Biology went a step further in the "Complexity of life." Very similar to this was the life and physical Sciences. Dissecting and bookwork was done in Life Science, while Physical Science students experimented with different chemicals.

In earth Science, Mr. Perry's class studied different elements of the earth. Another science offered was Physics; the study of matter, energy, motion, and force. "Physics is the secret of the Universe."

Socially Involved

Last year's social studies program provided the students with a historical background of the United States, and its relationship with other countries geographically and politically. It also taught the political, economic, and social systems of the world nations with emphasis on these systems in the United States.

Study Time

The JOM program was started in 1934 and was brought to GHS in 1976. The initials JOM stand for Johnson O'Malley. He signed to help Native American students with their school work, it also helps to open their minds to those who

can help. Miss Kinnamon encouraged them to ask questions in class and get all the help they can from their teachers. A summer program benefits the San Carlos students by giving them a chance to get the credits they need to graduate.

Dedication Counts

The service personnel have contributed to the health, comfort, transportation, emotional stability and general aide

to the students. The students appreciated all the services of these people the past year. Without the help of the service

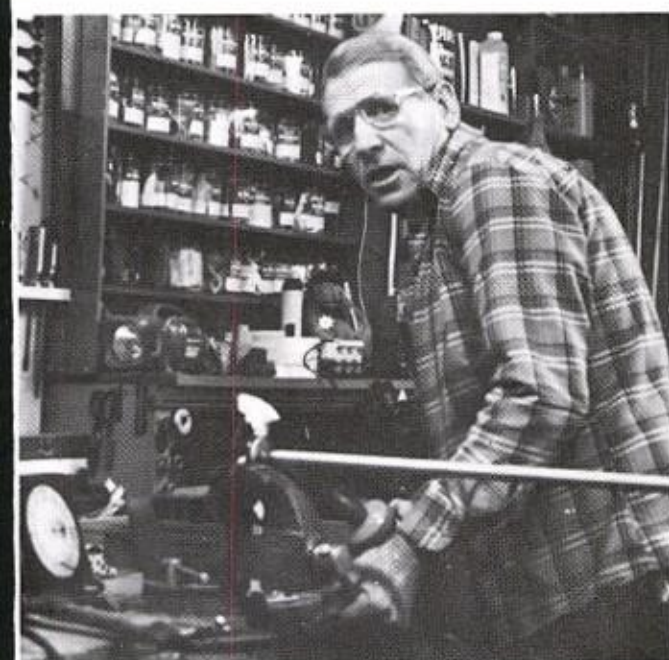

staff a lot of the jobs around the school would not be accomplished.

Tomorrow is yet another day;
no tears . . .

no fears . . .

no sorrow.

We're sure that we'll forget that day;
the day

we wished

for tomorrow.

We couldn't stand to face that day;
the day

our hearts

stood still.

That day there was no other way;
just too

much time

to kill.

We knew it had to end that day;
but instead

we grabbed

at the past.

All the memories before that day;
how we tried

to make

them last.

Tomorrow is yet another day;
for tears . . .

for fears . . .

for sorrow.

And we know we won't forget that day;
and we'll still

be wishing

for tomorrow.

Yearbooks are out
and school's end is near
Friends gather in the halls
and all you can hear
is the hustle and bustle
and running to class
Don't try to use that off
phone without a pass!

Students can't wait to get
out and have fun
To go party hardy
and soak in the sun
Water balloons and
shaving cream fights
Are the highlight of the
day for these Globe
When the time finally comes
for us to depart

May our outpour with
be flowing from the heart
I hope to see you again soon
— goodbye
I hate doing this —
it always makes me cry.

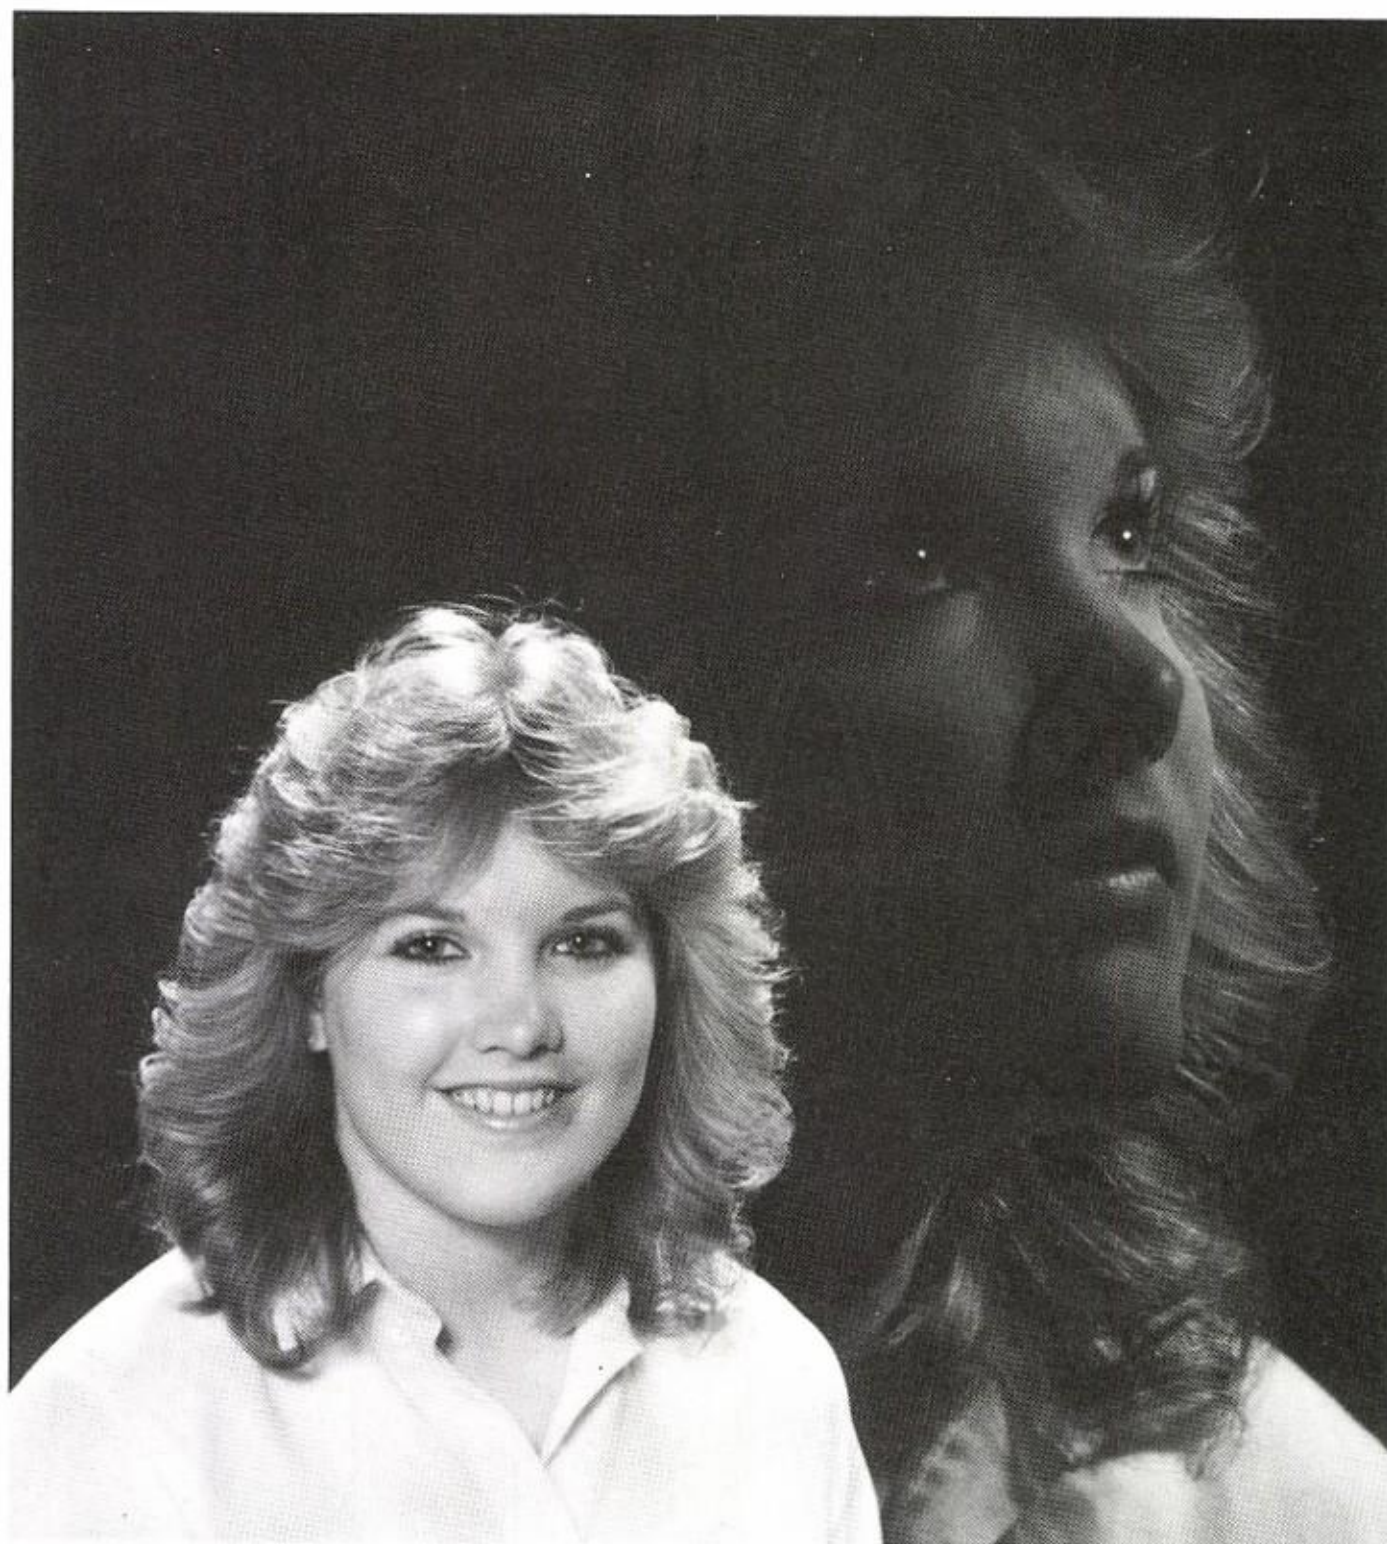

During the summer,
please keep in touch
We've been great friends;
you mean so much
Everyone's gone and
the school days still
Remember the good times?
I will.

Yes, it's me!

Although I didn't
get to talk to you this
year that much — I know you're a
really sweet person, so with you
I really was everything you do!
the best in everything I be a
Take care and don't be a

SENIORS!

In Memory of Gina McBride

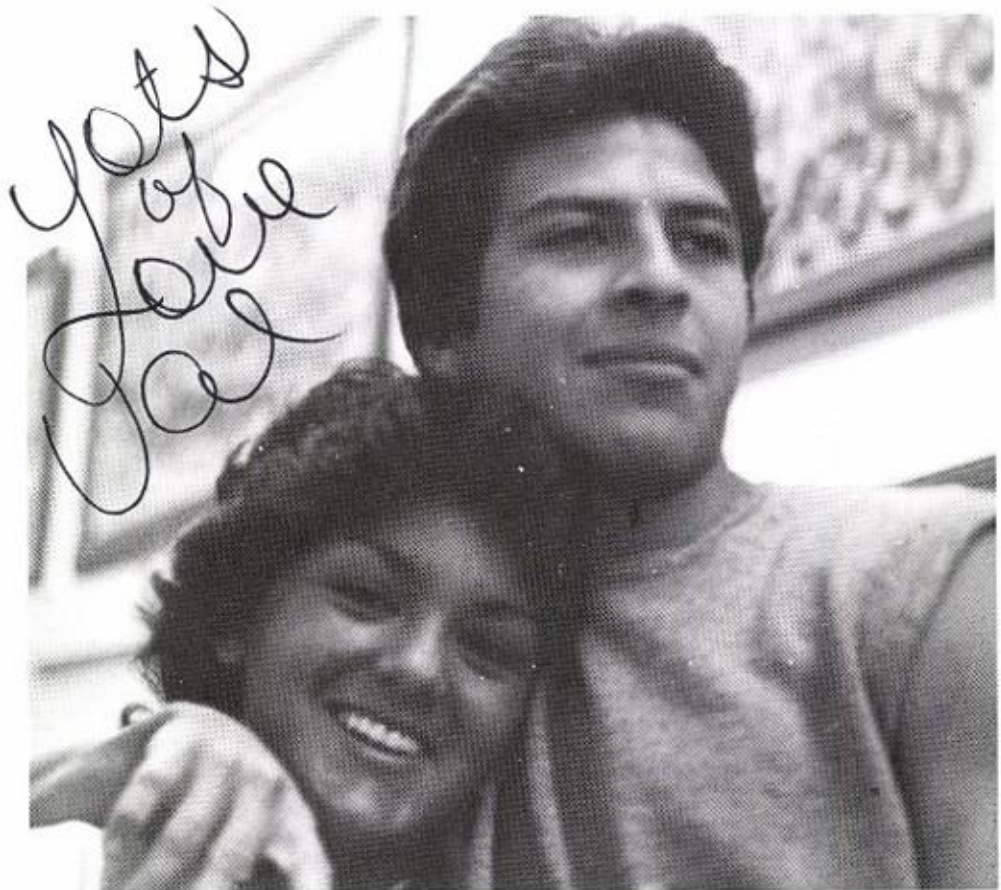

Gina McBride was born in Miami, Arizona, on May 19, 1969 and died at the age of 16 at Barrows Neurological Institute of St. Joseph's Hospital in Phoenix due to a horse riding accident. Gina was a Junior at Globe High. She was a yearbook photographer, a cadet in the Jr. ROTC and a company commander. Also during the High School years, she lettered in

basketball, volleyball and softball, and was a teacher assistant and office aide. Gina participated in community activities as a volunteer worker in the Candy Strippers at Gila General Hospital and as a member of the Fellowship of Christian Athletes and the Rainbow girls. She tried to live life to the fullest. It was as if she wanted to touch, taste, and feel

everything in her limited lifetime. She loved being part of the class of "87." Sports were her main interests; she not only loved to play in sports but to cheer for others while they played. Gina was a people person and always made time for others. People always felt like they could talk to her because she was always so honest and open-minded.

Surprise! Surprise!

We try so hard to go with the crowd, to be someone; to be known. The attention we had as freshmen is gone, but our enthusiasm has grown. We won't give up, we're still in the fight, and we still have a ways to go. So we're not newcomers, Juniors, or Seniors, but our ability we'll have to show. We'll compete and we'll go on to higher and bigger things. We'll be pulling strings. We've always stuck together and we'll still always work as one. Together we'll make it to the top, for we've only just begun.

CLASS OF 89!

We were all excited for our freshman year,
But "initiation" is all we hear.
We work so hard to do things right
In every competition we put in a fight.
Working together in it all,
Building our float, decorating our hall,
With all our spirit and our pride
We went to the games to cheer for our side.
With all the sports, activities, and people to meet
The fun at Globe High just can't be beat.
Classes before us, we agree did shine,
But no class can compare to the class of 89!

Setting Goals

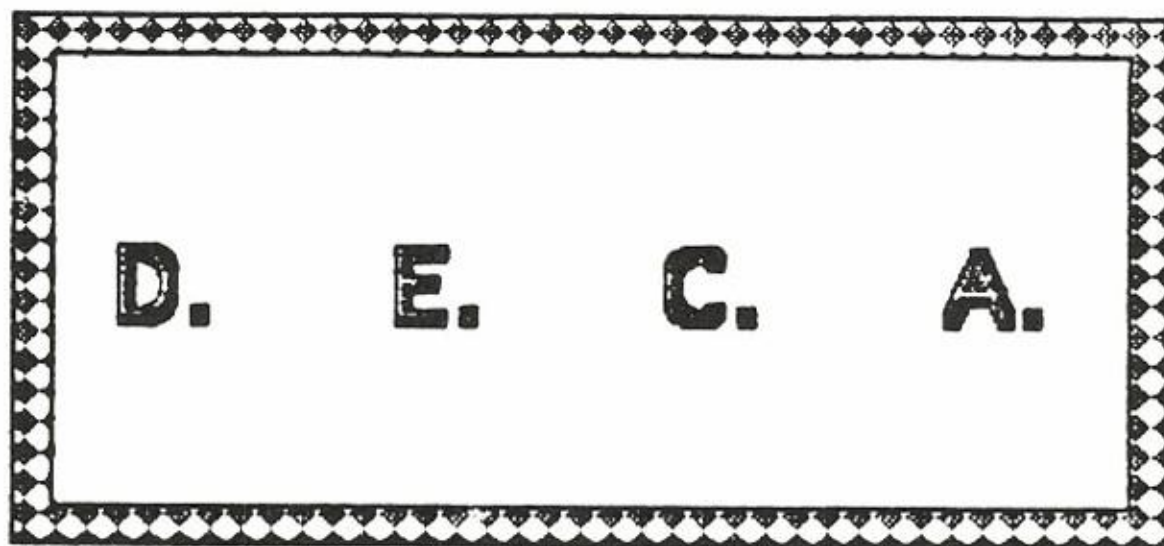

Deca students had a goal to develop skills for marketing distribution and entrepreneurship and they more than succeeded. Not only did they become leaders, but also they learned it was important to be a follower and to have an open mind. When opportunities came around they were willing to do what was needed to achieve their goals.

Members of the 1985-86 DECA Club.

Terrance Kinnamon, President of the DECA Club.

Terrance and Deanna after speaking for the Rotary Club.

Secretarial Preparation

Business minded students were encouraged to join the Future Business Leaders of America. Various conferences were attended at which workshops and competitions were held. The FBLA goal was to prepare students for the wide world of Business.

GHS Thespians are dedicated to improving all phases of the dramatic arts at Globe High School. Throughout the year they are active in sponsoring plays, workshops, dances and doing community service projects.

The *Miracle Worker* was Globe High's spring all school production. The leads were played by Jeannie Uhl (Ann Sullivan) and Kristin Hawkins (Helen Keller).

SPORTS #1

Feminine Fitness

Io Ellen Kinnamon, founder of the Women's Athletic Club, created it to make the women in the GHS sports programs look and feel better about their teams and themselves. They had fundraisers to benefit the women's sports, and in a few ways, were involved with the community. The main goal for the Women's athletic Club was to better all women athletics.

A New Culture

Maintaining culture was what this club was all about. They performed interpretive dancing in and out of the state. They sold candy, calendars, and sponsored dances for fund raisers. They were also in charge of the Miss Indian GHS Pageant.

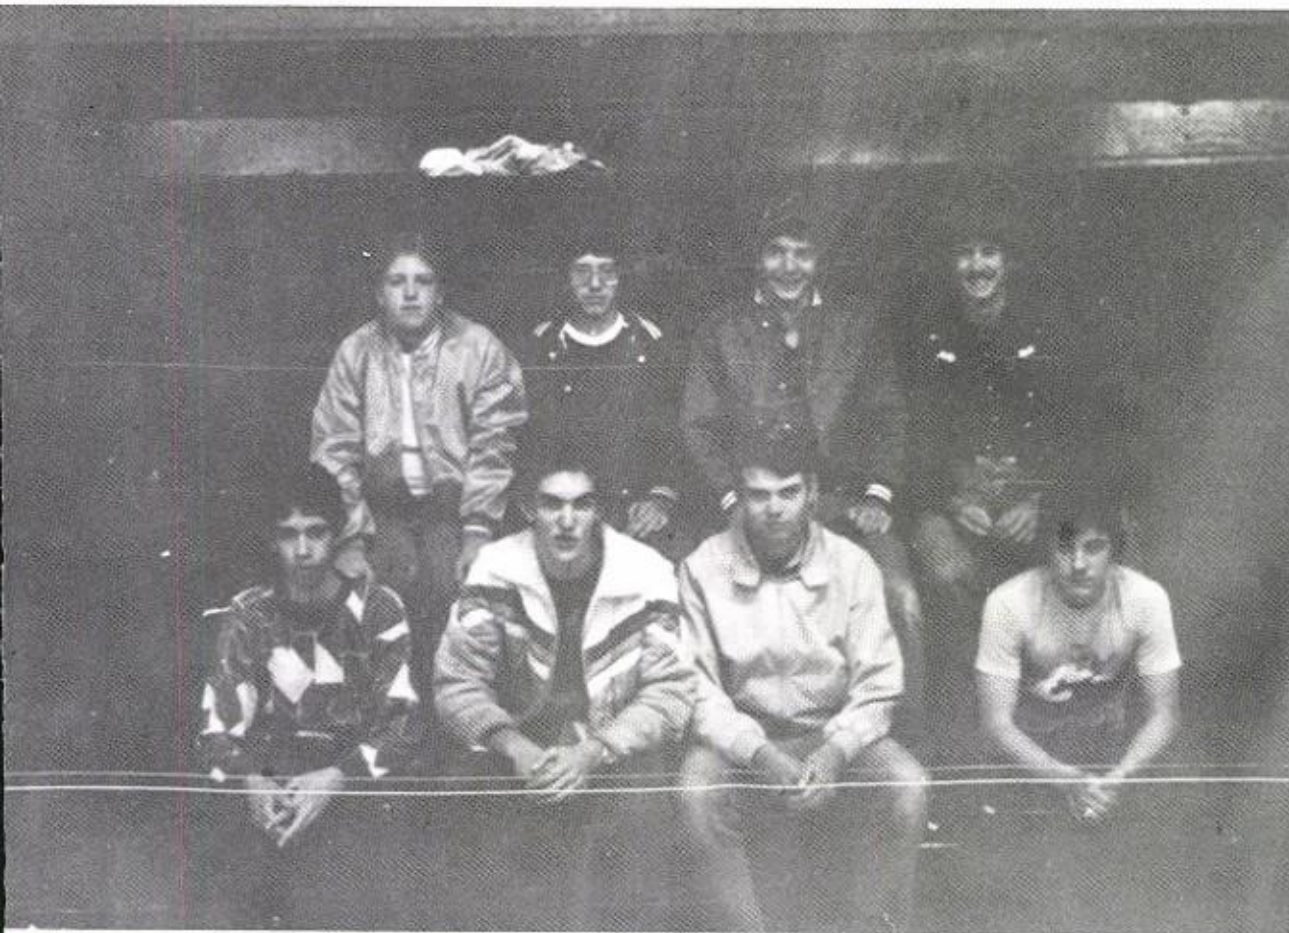

Club officers: Cathy, Veronica, Gina and Rena.

Miss Indian GHS, Cheryl and Club Princess, Rena.

Intertribal Friendship Club.

William Tell

Mr. Alexander led his 12 bowhunters through many competitions. Various open shoots and inter-club monthly shoots were held for clubs around the state. Working, repairing, and lots of practice at local ranges were completed by the club, along with fundraising projects.

R-1: J. Rodriguez, J. McGaughey, K. Fletcher, M. Johnson. R-2: D. Burns, M. Jones, P. Lewis, E. Bachman.

Officers: E. Bachman, P. Lewis, M. Jones.

Ski Club Members.

Snow Pattern

The GHS Ski Club began the year with 30 members. A carnation sale was held in December with the majority of the members participating. The Club officers were: President Mitch Moody, V-Pres. Mike O'Neal, Sec./Treas. Brian Strizitch.

Mr. Salas, 4-H teacher.

Showmanship

Among the fields learned and experienced by 4-H members were areas such as animals, foods, clothing, gun safety, and first aid. Members were able to participate in many shows throughout the year.

Opening Doors

The purpose of the Globe High School Career Club is to open career opportunities to students by sponsoring trips and hosting speakers who represent various occupations.

One trip was taken to Sky Harbor Airport.

Nature Play

The main purpose of the science club was to improve the environment that had previously been destroyed. Instead of sitting in a desk with a book in their faces, they got out and took nature hikes.

Fundraisers were held to help the science dept. and genetically caused diseases such as Cerebral Palsy.
